I, Eric J. Miller, declare as follows:

1. I am a Senior Vice President of A.B. Data, Ltd.’s Class Action Administration Company (“A.B. Data”), whose corporate office is located in Milwaukee, Wisconsin. I am over 21 years of age and am not a party to this action. I have personal knowledge of the facts set forth herein and, if called as a witness, could and would testify competently thereto.

2. Pursuant to the Court’s May 3, 2019 Order Preliminarily Approving Proposed Partial Class Action Settlement and Preliminarily Certifying a Class for Settlement Purposes (the “Preliminary Approval Order”), A.B. Data was appointed to act as the Claims Administrator for the purpose of assisting in the implementation of the Settlement in the above-captioned action (the “Action”).¹

¹ Unless otherwise defined herein, all capitalized terms have the meaning set forth in the Stipulation of Partial Class Action Settlement dated April 9, 2019 (the “Stipulation”).

3. As Claims Administrator, A.B. Data has, among other things: (i) provided notice of the Settlement to potential members of the Settlement Class; (ii) calculated the *pro rata* share for each Settlement Class Member who filed a valid Claim Form; (iii) created and continues to maintain a toll-free helpline for inquiries during the course of the administration; (iv) created and continues to maintain a Settlement Website and posted case-specific documents on it; and (v) established protocols and procedures to process, evaluate, and audit completed Claim Forms (“claims”) submitted to A.B. Data.

Claims Processing Activities

4. Under the terms of the Preliminary Approval Order, as set forth in the Notice, each Settlement Class Member who wished to be eligible to receive a distribution from the Net Settlement Fund was required to complete and submit to A.B. Data a properly executed Claim Form postmarked or submitted online no later than October 25, 2019.

5. In preparation for receiving and processing Claim Forms, A.B. Data (i) conferred with Settlement Class Counsel to define the project guidelines for processing claims; (ii) created a unique database to store Claim Form details, images of Claims Forms, and supporting documentation; (iii) trained staff in the specifics of the project so that Claim Forms would be properly processed; (iv) formulated a system so that telephone and email inquiries would be properly responded to; and (v) developed various computer programs and screens for entry of Settlement Class Members’ identifying information and their transactional information.

6. A total of 4,591 Claim Forms were received by A.B. Data through December 16, 2021. Of the 4,591 Claim Forms, 1,603 were “paper” Claim Forms and 2,988 were “online” Claim Forms filed through the online filing portal on the Settlement Website. Once received, the paper Claim Forms were opened and prepared for scanning. Once prepared, the paper Claim Forms were

scanned in a database together with any submitted documentation. Each Claim Form was assigned a unique Claim Form number. The information from each Claim Form, including the Claimant's name, address, and policy information listed on the Claim Form was entered into a database developed by A.B. Data to process Claim Forms.

7. A.B. Data's data-entry staff coded the computerized claim records if the corresponding claim was in any way "deficient," subject to being corrected such that the claim would become valid and eligible for payment. Because a Claim Form may be deficient only in part, but otherwise acceptable, A.B. Data utilized codes that are only applied to a specific transaction within a Claim Form. For example, if a Claimant submitted a Claim Form and neglected to provide the total premium paid for all but one policy, that one transaction would receive a transaction-specific defective code. That code indicated that one transaction was deficient, but that the Claim Form was eligible if other transactions in the Claim Form were valid. Thus, even if the deficiency was never cured, the Claim Form could still be partially accepted.

8. A.B. Data sent letters to these Claimants notifying them that their claims were deficient, explaining the reason for the deficiency and giving them an opportunity to resolve the deficiency. Examples of these letters are attached as **Exhibit A**.

9. In addition, A.B. Data sent letters to Claimants whose claims were determined to be wholly ineligible because the claim was duplicative of a previously-filed claim (for example, where a claim was submitted online to A.B. Data and the original hard-copy was sent by mail and received at a later date), the claim was submitted by a Claimant that did not have eligible purchases of insurance, or the claim was withdrawn by the filer. Examples of these letters are attached as **Exhibit B**.

10. All claims were subject to review and/or audit by the Claims Administrator. A.B. Data selected claims for additional audit, in consultation with Settlement Class Counsel, where a) the claimed amount appeared high compared to other Claimants; b) the Claimant included information in their claim that appeared the Claimant may not be an eligible Claimant; and/or c) members of A.B. Data's staff identified a claim that was potentially fraudulent.

11. A.B. Data sent letters by mail to each of these Claimants requesting that they provide additional documentation to further support the amount of purchases. The letter advised the Claimant that failure to provide the required information would result in the disallowance of their claim. A sample of this letter is attached hereto as **Exhibit C**.

12. In aggregate, A.B. Data sent over 3,200 letters to Claimants by first-class U.S. mail in an effort to resolve the problem that rendered the claim deficient or ineligible. Claimants' responses to the letters were scanned into A.B. Data's database and associated with the corresponding Claim Form. The responses were then carefully reviewed and evaluated by A.B. Data's team of processors. If a Claimant's response corrected the defect(s), A.B. Data updated the database manually to reflect the change in status of the claim. In addition, A.B. Data met with Settlement Class Counsel in-person and via teleconference to review documentation submitted in support of the large claims.

Recommendations for Approval and Rejection

13. Based on A.B. Data's review of the claims, A.B. Data has determined that it has received 1,144 valid claims with premium paid amounts totaling \$5,006,978,808.56. All Authorized Claimants are identified with their unique claim number and total premium paid on the Authorized Claimants Summary attached hereto as **Exhibit D**. The names of the

individuals/entities have been redacted to protect their privacy. Unredacted copies have been provided to Settlement Class Counsel and are available to be filed with the Court upon request.

14. Included in the Authorized Claimants Summary are 47 claims with a total premium paid amount of \$130,879,152.27, whose claims were received after the October 25, 2019 deadline, but which would otherwise be eligible to receive a distribution. A.B. Data has not rejected any claims solely based on its late submission, and A.B. Data believes no delay has resulted from the provisional acceptance of the late claims. However, there must be a final cut-off date after which no more claims will be accepted so that there may be a proportional allocation of the Net Settlement Fund. Acceptance of additional claims or responses to notices of deficiency or ineligibility received during the finalization of the administration and the preparation of this application would necessarily require a delay in the distribution. Accordingly, A.B. Data respectfully request that this Court order that no received or rejected claim adjustment after June 1, 2022, be eligible for payment.

15. A.B. Data prepared a list of 2,020 Ineligible Claimants attached hereto as **Exhibit E**. The names of these individuals/entities have been redacted to protect their privacy. Unredacted copies have been provided to Settlement Class Counsel and are available to be filed with the Court upon request. Included in this list are:

- (a) Claimants who filed duplicative claims or filed multiple claims that were consolidated into one claim (which itself may have been eligible);
- (b) Claimants who wrote to A.B. Data advising that they were withdrawing their claims;
- (c) Claimants that did not include any valid policy purchases;

- (d) Claimants whose claims were deficient (*e.g.* lacking necessary information to calculate their *pro rata* share) and who failed to cure the deficiencies despite being contacted by A.B. Data; and
- (e) Claimants who failed to provide a sufficient response to the Audit Letter

16. A.B. Data prepared a list of 1,427 De Minimis Claims attached hereto as **Exhibit F**, claimants whose claims fall below the \$10.00 claim threshold and are thus will not receive a distribution. The names of these individuals/entities have been redacted to protect their privacy. Unredacted copies have been provided to Settlement Class Counsel and are available to be filed with the Court upon request.

Fees and Disbursements

17. A.B. Data agreed to be the Claims Administrator in exchange for payment of its fees and expenses. Settlement Class Counsel received reports on and invoices for all of the work A.B. Data performed with respect to the administration of the Settlement. A.B. Data has incurred fees and expenses in the amount of \$833,554.09 through October 2022. To date, A.B. Data has been paid a total of \$832,494.57 from the Settlement Fund leaving a balance of \$1,059.52, in accordance with the Settlement Agreement. A.B. Data estimates that it will incur, in connection with the distribution of the Net Settlement Fund, an additional \$18,297.16 to finalize the distribution of the Net Settlement Fund. If at the completion of the administration the total fees and expenses are less than the estimated amount of \$18,297.16, the difference shall be included in a re-distribution to Authorized Claimants.

18. Should the Court concur with A.B. Data's determinations concerning provisionally accepted and rejected claims, including the late claims, A.B. Data recommends the following distribution plan:

- (a) establishment of a reserve of 5% of the Net Settlement Fund to allow for any necessary adjustments in payments upon sufficient proof and/or to pay additional taxes, costs, and administration fees. Any funds remaining from the reserve after the initial distribution will be included as part of the second distribution to Authorized Claimants who or which received an initial distribution;
- (b) the remaining Net Settlement Fund will be allocated on a *pro rata* basis to Authorized Claimants in accordance with the Plan of Allocation approved by the Court;
- (c) A.B. Data will promptly mail Authorized Claimants their appropriate share of the Net Settlement Fund. These checks will have a stale date of 90 days to encourage Authorized Claimants to promptly cash their distribution checks and to avoid or reduce future expenses related to unpaid distributions. For any checks returned as undeliverable or not cashed, A.B. Data will make reasonable and diligent efforts to have Authorized Claimants cash their checks. At such time that Settlement Class Counsel and A.B. Data have determined that reasonable and diligent efforts have been exhausted, but no earlier than 120 days from the issue of the checks, the payments to Authorized Claimants that have been not been cashed will revert back to the Settlement Fund;
- (d) if there is a balance remaining in the Settlement Fund after A.B. Data has made reasonable and diligent efforts to have Authorized Claimants cash their initial checks, but not earlier than 120 days from the date of the initial distribution, A.B. Data will consult with Settlement Class Counsel and conduct a second

distribution if feasible and economical. A.B. Data will redistribute the remaining funds, along with any remaining balance of the reserve, on a *pro rata* basis after deducting the payment of any additional taxes, costs, and administration fees to the Eligible Claimants who cashed their initial distribution checks and who would receive at least \$25.00 from such redistribution; and

- (e) at such time as Settlement Class Counsel, in consultation with A.B. Data, determines that further distribution of the funds remaining in the Settlement Fund is not cost-effective, the remaining funds will be available for donation to one or more 501(c)(3) non-profit organization(s) proposed by Settlement Class Counsel and approved by the Court.

19. Unless otherwise ordered by the Court, one (1) year after final distribution of the Net Settlement Fund, A.B. Data will destroy the paper and electronic copies of the claims and all supporting documentation.

I declare under penalty of perjury that the foregoing statements are true and correct to the best of my knowledge.

Executed this 28th day of October 2022 in Palm Beach Gardens, Florida.
